

O2 Xda Trion

O₂

Key features

Following on from the hugely popular XDA Mini S the Quadband XDA Trion continues to give you a PDA feature list packed into a pocket sized phone. With an impressive 400MHz processor, Wireless LAN connectivity and 3G with video calling the latest edition to the XDA range packs a powerful punch.

Microsoft office document support

With Windows Mobile 6.0 on board you can confidently get to work on Word, Excel and PowerPoint documents, connect to Outlook and even view PDFs.

Speedy messaging

A key part of working on the move is efficient messaging. Whether email, text, pictures or instant messaging you can use either the TFT touchscreen with handwriting recognition or the full QWERTY keyboard to get word out fast.

In-box Accessories

Comes complete with personal handsfree headset, USB sync cable, carry pouch, Quick Start Guide, User Manual and Getting Started CD and AC adapter.
